

THE SILKS' UNDERTAKING

MY PERSONAL COMMITMENT

I share the Victorian Bar's commitment to promoting equality and diversity in the legal profession, including its commitment to providing a workplace that is free from bullying and discriminatory behaviours, and is free from sexual harassment.

I undertake, as senior counsel and a leader of the Victorian Bar, to act in accordance with this commitment including by adopting the Law Council of Australia's National Model Gender Equitable Briefing Policy and by using reasonable endeavours to recommend to instructing solicitors and clients that members of counsel from diverse backgrounds be briefed in matters in which they have relevant seniority and expertise, experience or interest.
