## THE SILKS' UNDERTAKING

---

### My Personal Commitment

As a leader of the Bar, I commit to actively advancing equality and diversity at the Bar. At a minimum, I commit to engaging at least one new woman barrister working in my area of practice each year on a research task and if suitable, recommending them for a junior brief.

### Building a Healthy Bar Culture

I encourage and promote courtesy and respect as the foundation of a collegial Bar which is intolerant of sexism, racism, bullying and harassment and which supports all members.
